# STAFFING SYSTEM CONVERSION REQUIREMENTS

CONVERSION NUMBER 41

REQUIREMENTS:

Investigate the possibility of producing the Agency's Occupational Code Handbook by Printing Services Version of 'EPIC' Computer System. This should save considerable man-typing on the future by eliminating the complete retyping of the book.

REMARKS:

1. PMCD/OP is currently retyping the complete [redacted] Handbook every three years to provide a complete update to customers. The Handbook contains approx 320 (8 X 11½") pages.

2. Talked to [redacted] who maintains the system in OCS/MSD re feasibility of producing the Handbook via this system. He indicated it could be done.

3. Arranged for PMCD/OP to meet with PSD/OL re initiating a firm requirement.

4. As of Feb 1972, PMCD/OP has given the requirement to PSD/OL and has also started to input the data. It is expected that the Handbook will be printed approx June 1972.

# STAFFING SYSTEM CONVERSION REQUIREMENTS

CONVERSION NUMBER 43

REQUIREMENTS:

Design an input form to permit the immediate input to the current T/O system of a security classification code on approximately 3,000 to 4,000 selected positions in the 31 May 1972 T/O inventory.

REMARKS: The form should permit identification of the Position Control Number, Position Number, and a one character (T, S, or C) security classification code. Upon completion send copies to SRB/OP for the coding of the selected positions.

Note: Reference attachment for copy of the form that was designed.
